DESIGN/PROCESS CHANGE NOTIFICATION -- FINAL

This is to inform you that a design and/or process change will be made to the following product(s). This notification is for your information and concurrence.

If you require data or samples to qualify this change, please contact **Fairchild Semiconductor within 30 days of receipt of this notification.**

If you have any questions concerning this change, please contact:

Name: Constantino, John
E-Mail: John.Constantino@notes.fairchildsemi.com
Phone: 408-822-2652

PCN Originator

Name: Tarwe, Antoine
E-mail: Antoine.Tarwe@notes.fairchildsemi.com
Phone: 408/822-2269

REL Engineer

Name: Javadi, Seyed
E-mail: Seyed.Javadi@notes.fairchildsemi.com
Phone: 408-822-2180

PCN Type: New Assembly Site Location/Qualification

Effectivity

Expected 1st Device Shipment Date: 5/30/2004
Earliest Year/Work Week of Changed Product: 0422
(Note: Package marking may differ from this format)

Product ID (Description):

This change will affect Optoelectronic products previously produced at Fairchild's manufacturing facility in Kuala Lumpur, Malaysia.

Description of Change:

Fairchild's factory in Kuala Lumpur, Malaysia is in final stage of closure. The assembly and testing of all products manufactured at this facility will be transferred to Lite-On Technology Corporation of Taiwan (Bangkok, Thailand facility), a Fairchild manufacturing partner.

Effect of Change:

The equipment used in the manufacture and test of Fairchild's products is being transferred to the identified Lite-On Technology facility. Lite-On Technology will continue to use the same type of equipment, the same sets of material, and the same process flow for all the products listed hereafter. This change is, in essence, a location change only. As such, this change will not affect any electrical characteristics, device specifications, function, reliability or quality. First shipments from the new manufacturing site will occur in stages based on package type.

Fairchild Semiconductor is working with all relevant agencies to provide for continuous safety certifications for all applicable products.

Qualification:

The qualification plan is intended to meet all our criteria for qualifying the new assembly site and the overall quality and reliability of our Opto products.
