CUSTOMER
TESTIMONIALS 1) AMS
had the parts that were
very difficult to find! 2)
Their price was very
reasonable (unlike
other vendors). 3)
Their low free shipping
threshold was much
appreciated. 4) Their
shopping cart was
easily edited. 5) I did
have some difficulty
navigating the site, but
that wont inhibit my
shopping with AMS in
the future. I would
invite AMA to send me
periodic updates when
they make revisions to
their navigation and
format (with the usual
ease of unsubscribing,
of course). Regards,
Norm
